

2kW inverter comes with lithium battery

Overview

Designed for uninterrupted power supply, it delivers 2000W continuous AC output (220/230/240Vac optional) with $\pm 1\%$ voltage accuracy and supports <10ms grid-to-backup switching. Key Electrical Specifications: Battery: 25.56kWh), 100A max charge/discharge. The Smart ESS 2000 VA Solar Hybrid Inverter is a next-generation home and office backup solution designed for reliable, efficient, and eco-friendly power. Engineered with a pure sine wave output, a powerful 32-bit microcontroller, and a lithium battery-compatible system, it ensures smooth. Check each product page for other buying options. ClimeCo certifies products whose carbon emissions have been assessed, verified, decarbonized, and are on a committed path towards continual emissions reductions. Companies may pursue emissions reductions for products through various means such as. Input DC Voltage?
