

Australian Solar Pump Inverter Retrofit Company

Overview

Founded in 2015, it is a wholly-owned subsidiary of INVT. It mainly offers PV inverter solutions and energy storage systems for commercial & industrial, and residential applications. Fronius Australia, part of the global company Fronius International GmbH, is a heavyweight in the world of solar inverter technology. The Australian division, established in 2010, has been supplying high-quality, reliable, and efficient inverters for residential, commercial, and large-scale. Growatt provides a wide range of smart PV solutions for residential, C&I and utility-scale solar plants. Growatt's 'Solar + Storage' package solution can be used in various scenarios including new installation and retrofit. Intelligent GE solar inverter integrates the finest technological components to create future-ready pv inverters, solar panels and energy storage solutions. Solar inverters by SMA are compatible with the PV modules from leading manufacturers.
