[Commercial Solar Inverters, Industrial Scale](#)

Why Your System Needs An InverterCentral and String InvertersSizing An InverterAdvantages of Buying from UsThe majority of commercial solar inverters are classified either as string or central inverters. A string inverter takes care of one string of PV modules - several panels connected together. A central inverter is similar to a string one, but supports several strings. The main problem with string inverters is their inability to cope with shading eff See more on a1solarstore Solar Electric Supply
