

Comoros Environmental Project Uses 50kW Photovoltaic Container

**200kWh
Battery Cluster**

Overview

The Comoros Solar Energy Access Project is set to revolutionize the energy infrastructure of the Comoros by integrating solar power with advanced storage solutions. Promoting the use of UAE-based Abu Dhabi Fund for Development (ADFD), an autonomous UAE institution, has funded a 6.3 MW solar power plant in Comoros with AED 25. The plant was inaugurated in April 2025 in Moroni to improve energy access and reduce fossil fuel reliance. MEOX Mobile 40ft Solar. Compared with traditional terrestrial photovoltaic (PV) systems, floating PV systems can save a lot of land and water resources and obtain higher power generation efficiency.

Comoros Environmental Project Uses 50kW Photovoltaic Container
