

# Construction site container generator power

## Overview

---

Top integrated containerized power solutions include sound-attenuated, weatherproof, skid-mounted, modular, and walk-in generator designs tailored to various industrial needs. At the beginning of the Tier 4 transition, our engineering team had the opportunity to work with different customers in different markets to design and develop a line of high-power Tier 4 Final containerized generators. Years of use in the rental, oil and gas, mining and other heavy-duty industries. That is why earlier this month, Cummins Power Generation expanded the release of their fully integrated containerized generator sets Centum™ Force, to serve 50Hz markets around the world. Originally launched for limited markets in 2021, the 40-ft containerized generator sets were engineered for. At MODS, we design and fabricate high-performance generator and power units built from shipping containers. Our solutions provide reliable energy generation and storage for industries, construction sites, events, and remote operations. An Extensive Fleet of Equipment - Our wide range of reliable, modular HVAC and energy solutions means we can meet your unique requirements.
