

# Corrosion-resistant data center cabinets for workshops

## Overview

---

Keep them stored properly and safely with our selection of corrosive and acid storage cabinets featuring models designed for both flammable and nonflammable corrosives. With the most frame styles. Dalsin Industries specializes in manufacturing high-quality enclosures, cabinets, racks, and thermal management systems designed to protect sensitive equipment, optimize performance, and support seamless data center operations. These deployable, seismic and UL-rated cabinets are fully welded, pre-assembled, and come standard with features such as recessed PDU Cavities, and are configurable with or without doors. Introducing Rakworx's versatile Data Center Server Cabinet Portfolio, ranging from 24U to 52U in height and 600mm to 750mm in width, with depths from 1070mm to 1200mm. Our cabinets have meshed doors and a robust six-brace design for superior load-bearing capacity. Ideal for your data center. At MetalFab Group, we specialize in fabricating high-quality data center racks and fabricated metal enclosure solutions tailored to meet the unique demands of customers ranging from large-scale tech manufacturer to businesses with its own data centers. Whether you need custom data center racks or.
