

DC power supply for Australian smart energy storage cabinets used in base stations

 **TAX FREE**    

ENERGY STORAGE SYSTEM

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled

Overview

This outdoor battery cabinet is highly customizable and designed for telecom, power, and solar energy storage applications. It offers flexible configuration in structure, materials, cooling, electrical integration, and installation to meet diverse project needs and harsh environmental. DPA supplies reliable lithium and lead-acid batteries for hybrid, off-grid and backup. High-performance lithium and sodium batteries — with legacy options supported, all backed by DPA's trusted range. APS Power's battery stations and storage systems provide a cutting-edge solution for storing and managing energy efficiently.

DC power supply for Australian smart energy storage cabinets used

[BESS System , Battery Energy Storage System](#)

Our BESS systems are all-weather suited, with three different cabinet variations to suit any weather environment. With isolated output and online UPS for grid-connected applications, you have access ...

[Battery Stations , Commercial Energy Storage Systems](#)

We'll help you determine the right Battery Energy Storage System based on power output and environmental factors to ensure efficiency and reliability. Contact our team today to learn more about ...

Energy storage(KWh)

102.4kWh

Nominal voltage(Vdc)

512V

Outdoor All-in-one ESS cabinet

[Battery Energy Storage Systems \(BESS\) , SEI](#)

SEI can tailor battery energy storage systems (BESS) solutions to maximise their versatility, reliability and efficient electricity storage capabilities for Australian communities.

[Warehouse Base Station Energy Cabinet , Reliable Power ...](#)

Discover the Warehouse Base Station Energy Cabinet--designed for smart cities, power systems, and remote areas. Offering reliable AC/DC power, energy storage, and green power integration.

Battery Energy Storage Systems

Standards Australia has published a new standard, Electrical Installations - Safety of battery systems for use with power conversion equipment (AS/NZS 5139:2019), for battery installations.

Battery Energy Storage Solutions , Apex Energy Australia

Apex Energy's Battery Energy Storage Systems are the ideal choice for commercial stand-alone power systems for remote and rural applications.

Standard 20ft containers

Standard 40ft containers

DPA - Dependable Power. Anywhere - DPA Energy

Since 2009, DPA Energy has delivered proven storage systems backed by trusted brands and expert support. From off-grid independence to large commercial projects, every solution is built for real ...

[Base Station Energy Storage](#)

A base station energy storage system is a compact, modular battery solution designed to ensure uninterrupted power supply for telecom base stations. It supports stable operations during grid ...

[12KW Intelligent DC Power for Base Stations & Energy Backup](#)

High-performance 12KW intelligent DC power solution for base stations and backup. Provides reliable, efficient power for telecom and critical applications.

[Australian batteries and energy storage solutions](#) [Battery Energy](#)

We design and manufacture industrial batteries in Australia. We offer off the shelf power products and can also customise our products to adapt to your unique space requirements or suit your existing ...

Lithium Solar Generator: S150
