

Dili outdoor telecom enclosure with ultra-large capacity

Overview

This enclosure features a built-in air conditioning system with a cooling capacity of up to 6500W for optimal temperature control. Though gray is commonly available, you can request. KDM's outdoor telecom enclosures are weatherproof, rainproof, waterproof, sun-proof, and dustproof cabinets with IP ratings of IP55 up to IP67 ratings and NEMA standards of 3R up to 6. They have adjustable rack sizes and spacing, a 3 and 4-point locking system, and solar caps to manage heat loads. Westell is a collaborative partner in OSP deployment optimization providing customized, fully integrated, vendor neutral outdoor network equipment enclosures. With proven expertise in system integration, Westell also manages the details for design assistance, planning, thermal management. When your network infrastructure demands reliable outdoor protection, American Products delivers weatherproof telecom enclosures engineered for performance and built to last. Crafted from DDB Unlimited's proprietary AlumiFlex®, it is significantly lighter than steel yet robust enough to support the heaviest telecom equipment. These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices.
