

EU wind solar and energy storage projects

EU wind solar and energy storage projects

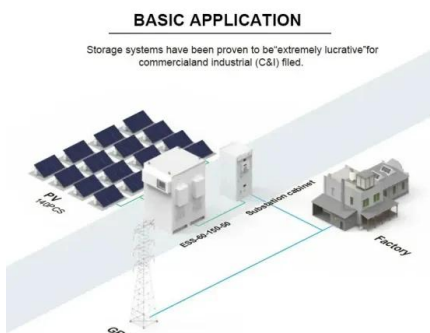

[Who are the key players driving EU storage deployment in 2024?](#)

Here Tamarindo's Energy Storage Report highlights those players that have been at the forefront of storage innovation in Italy, Germany, Spain, France and Ireland in recent months.

[Wind and solar overtake fossil fuels in EU energy mix for first time](#)

The EU is "rapidly" moving towards a clean energy future, but experts warn our "outdated" grid is holding us back. Wind and solar generated more EU electricity than fossil fuels for the

[SolarPower Europe extends its reach to storage and flexibility in](#)

The new reports build on Mission Solar 2040 and emphasise the role of energy storage and system flexibility in delivering true energy security for Europe. The announcements came during the two-day ...

[Top 10 New Upcoming Europe Renewable Projects in 2026](#)

This innovative tool systematically catalogizes all energy storage projects within Europe, from the first planning phase to operational operation.

[SolarPower Europe Champions Hybrid Renewable Systems & Battery Storage](#)

The trade body recently called on the European Commission and EU member states to legislate a European Union grid flexibility package, including a dedicated energy storage action plan with the ...

[The European Energy Storage Inventory: A comprehensive overview ...](#)

This innovative tool systematically catalogizes all energy storage projects within Europe, from the first planning phase to operational operation.

[EU installs record 27 GWh of battery storage capacity in 2025](#)

The EU installed a record 27.1 GWh of new battery storage capacity in 2025, driven by utility-scale projects that accounted for over half of new additions as the bloc races to build the flexible power ...

[Key Projects, Initiatives and Market , JRC SES](#)

The EU is advancing several key projects and initiatives in the energy storage field to boost renewable energy integration, stabilize the grid, and support clean energy goals.

[In 2025, Over 21 GW Up for Grabs: Europe's Renewable Auctions by](#)

Over 21 GW of renewable capacity will be auctioned across Europe in what remains of 2025, covering offshore wind, onshore wind, solar PV, agrivoltaics, and energy storage solutions.

[Renewable Energy News Europe , Latest by Renewables Now](#)

Comprehensive news coverage of renewable energy projects, investments, and policies across Europe. Track the latest in solar PV, onshore and offshore wind, hydrogen, energy storage, and more.

[Top 10 New Upcoming Europe Renewable Projects in 2026](#)

In this blog, we have covered the upcoming renewable energy projects such as Sylen offshore wind power plant, Dogger Bank windfarm, Zaragoza & Teruel Solar Farm, and more projects across Europe that are ranked ...
