

# Electric fan solar energy storage device Haier

## Overview

---

The new Haier all-in-one solution for energy storage, designed to offer maximum flexibility and performance in any environment. Generate solar energy and use it effectively to easily reduce electricity costs. Throughout this portfolio Haier HVAC covers both domestic and commercial solutions but what makes Haier truly unique, is the ability to connect and integrate its different. The Haier Smart Cube is a modular All in One solar energy storage system (ESS), designed to simplify installation and maximise energy efficiency. Haier delivers panels, batteries and inverters from a single supplier, removing the need for multiple partners, warranties and customer care contacts. The solar cell module which is made according to the different requirements on power and voltage of the user can be used individually, or be connected in series (to meet the requirement).

## Electric fan solar energy storage device Haier
