

Fire at wind power plant

Overview

An investigation has begun following a fire at a wind turbine in the 9-megawatt Bremervörde wind farm, operated by EnBW in Lower Saxony, Germany. The incident occurred on the evening of , marking the first such event at an EnBW facility. In a heart-wrenching incident, two out of four maintenance engineers were stuck on a 67-meter wind turbine generator. The more heartbreaking part of this story is that both. The flames broke out around 4 a. ASTORIA, Queens (WABC) -- A fire broke out at a power plant in Astoria, Queens early morning Monday. Is Dave Johnston Power Plant In Glenrock On Fire Amid Power Outage In Wyoming & South Dakota?

A massive power outage affected over 84,000 customers across Wyoming, Montana, and South Dakota on Thursday, amid unconfirmed reports of a fire at the Dave Johnston Power Plant in Glenrock. Yet for the 72,000 wind turbines now spinning, fire suppression systems remain optional. The fire affected a Südwind S70 wind turbine. Wind power is an exciting emerging sector that needs those of us involved in fire safety to get onboard.
