

Fonafote electric vehicles

Overview

The Edmunds experts test drive electric car contenders on our test track and in the real world. Our ratings assess performance, comfort, technology, utility, value and more. Where do we need to go?

If the EV sales growth experienced in recent. Now, in 2024, we've reached 1.2 million EVs on UK roads and Pod Point has installed 250,000 EV chargers; a stark contrast to our humble beginnings while EV adoption was in its infancy. As a leading EV charging provider today, we continue to use these years of experience and expertise to make. The UK government has unveiled a £63 million investment to expand electric vehicle (EV) charging infrastructure, aiming to make EV ownership more affordable and accessible. Plus, with homeowners being more energy-aware than ever before, our award-winning home EV-charging system allows customers to charge overnight when rates are typically cheapest. This combined heating and .
