

# Greece solar Energy Storage Container Project

## Overview

---

Greek developer Metlen Energy and Metals has partnered with local maritime firm Tsakos Group to build a 251.9MW solar-plus-storage project in Greece. Under the agreement, the companies have signed a strategic partnership through a joint venture that will be 60% owned by Tsakos and Trina Storage, the energy storage arm of Trinasolar, has signed its first energy storage project in Greece with PPC Renewables, marking a major milestone for the company's expansion into Southeastern Europe. The initiative will be realised through a special purpose vehicle structured as a joint venture, with Tsakos Group. Greece is harnessing its abundant sunshine to power a green energy transition, but the full potential of its solar capacity can only be unlocked with a critical partner: energy storage. The mid-2026 timeframe is emerging as a pivotal period for the nation's grid, as foundational projects and.
