

Huawei Australia Smart Energy Storage Battery

Overview

Discover the Huawei LUNA2000 battery, a smart solar energy storage solution with modular design, high efficiency, and reliable backup power. Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series. You can connect 3 modules together to create a 15kWh battery and connect two of those together in parallel to reach a maximum possible capacity of 30kWh. Each module is rated to output power up to 2. The batteries. Huawei batteries are the perfect choice to pair with any Huawei inverter. Huawei's Smart String ESS design allows three battery modules to be stacked on top of each other to form a 15kWh system.
