

Huawei southeast asia solar energy storage manufacturer

Overview

SINGAPORE - The infrastructure division of Keppel will work with Chinese tech giant Huawei International to design and develop solar photovoltaic (PV) systems and battery energy storage system (Bess) technologies for interconnected power grids across South-east Asia. It provides smart PV solutions for residential, commercial, industrial, utility scale, energy storage systems, and microgrids. The MoU will see the companies explore the design and development. Huawei International Pte. With. China-headquartered electronics firm Huawei has secured a supply agreement to provide a 4. The agreement was announced yesterday (9 December) in a statement released by project developer Terra Solar.
