

Huiyao Photovoltaic Support Operator

Overview

HYPSET focuses on the R&D, design, manufacturing, and intelligent O&M of cable-structure photovoltaic (PV) systems. By the end of 2025, the company had a cumulative order capacity exceeding 5GW, covering a wide range of scenarios including mountainous terrains, Aquavoltaics+PV, PV+desertification. Its high quality and real-time response has achieved the desired results. At the recent concluded Genera and All Energy exhibitions in Spain and Italy, Huayao showcased its latest 450-watt rectangular modules, which perfectly match rooftop projects and gained widespread attention. With a 20GW module capacity, Huayao is a pioneer in cable-stayed flexible PV supports, holding multiple patents. Huiyao Pinshang Energy Technology is a Series A company based in Kunming (China), founded in 2021. It operates as a Developer of solar and wind energy projects, with 8M in funding from Fortune Capital and ZSVC.
