

Imported power inverter price

Overview

Before tariffs, inverter hardware costs averaged about \$0.27/W depending on type and brand. Many manufacturers announced price increases effective immediately in April: SolarSpace – a Chinese-based module supplier – raised its U.S. prices. This jump closely matches the new 34% tariff on Chinese. Several factors influence the cost of solar power inverters, making it crucial to evaluate each component before making a purchase. Buying in bulk can streamline your supply chain management, ensure. Solar Module Retailer Prices are updated on Monday.
