

Industrial switchgear factory in Canada

Overview

List of industrial switchgear suppliers in Canada, offering switchgear solutions for power distribution, included in our directory. Every lineup our team produces follows UL and NEC requirements while aligning with Canadian codes, supporting utilities, industrial plants. Powell's Canadian facility specializes in medium-voltage PowlVac® Metal-Clad Switchgear, with additional offerings including arc-resistant switchgear, MV motor control centers, LV switchgear, and E-Houses/PCRs. All equipment is designed and tested to ANSI, NEMA, IEEE, and CSA standards. Real. Grimard provides design, programming and commissioning services for control, protection and power equipment. We have optimized our know-how, developed new expertise and diversified our services to meet and anticipate industry needs, especially with respect to complete systems and their integration.

[Custom Switchgear Manufacturers](#)

T& T Power Group manufactures medium and high-voltage custom switchgear in Canada, with fast lead times, bespoke designs and competitive prices.

[Powell Industries , Buy Canadian](#)

Our Canadian team specializes in modular and custom switchgear assembly, supported by extensive local resources. Across more than 500 employees and 400,000 ft² of combined shop and office ...

Electrical Switchgear

Our ultra-modern production infrastructure includes a 1,500 m2 assembly plant. For more information about electrical switchgear and custom products, give us a call. We will be happy to quickly answer ...

[RIC Power Corp. , Manufacturing Custom Switchgear](#)

RIC Power Corp. manufactures custom medium and low voltage switchgear in British Columbia, Canada. Specializing in custom design and short lead time.

- Efficient Higher Revenue**
 - Max. Efficiency 97.5%
 - Max. PV Input Voltage 600V
 - 150% Peak Output Power
 - 2MPP Trackers, 100% DC Input Dimming
 - Max. PV Input Current 20A, Compatible with High-Power Modules
- Intelligent Simple O&M**
 - IP66 Protection Degree: support outdoor installation
 - Smart I-V Curve Diagnosis Function: locate PV string faults accurately and automatically detect faults
 - DC & AC Surge SPD: prevent lightning damage
 - Battery Reverse Connection Protection
- Flexible Abundant Configuration**
 - Plug & Play, EPT Switching under 10ms
 - Compatible with Lead-acid and Lithium Batteries
 - Max. 6 Units Inverters Parallel
 - AFC Function (Optional): when an arc fault is detected the inverter immediately stops operation
