rid=524847&utm_source=Pulse-Sep-A1&utm_medium=228. Saudi Arabia is rapidly expanding its digital infrastructure, driven by government initiatives, cloud adoption, and increasing data needs. As organizations look to upgrade or build new data centers, choosing the right rack vendor becomes critical. With numerous players vying for dominance. In Saudi Arabia's growing IT world, businesses need strong racks and power units to keep equipment safe and running well. Our modular designs help with heat control and smart watching. Delivering optimal performance, easy deployment and scalability for all IT systems and data centers, MMR's racks, cabinets and enclosure solutions provide support and protection for critical IT and facilities. CoolTeg cooling units are combined with racks to provide a "closed module" with a common cold zone at the front of the racks and a common hot zone at the rear of the racks.
