[Low Carbon Delivers 120 MW Irish Battery Storage Asset To SSE](#)

Wednesday 6 November - UK-based global renewable energy company, Low Carbon, has further underlined its position as a leader in the European battery storage market through the delivery of the ...

[Tinnycross Battery Energy Storage System , SSE Renewables](#)

This grid-scale project could power over *115,000 Irish homes for up to two hours at a time. If approved for final delivery, the project could be operational by the end of the decade and would be expected to ...

[Statkraft to build Ireland's first 4-hour battery energy storage system](#)

Statkraft announces it will build Ireland's first four-hour grid-scale battery energy storage system (BESS) in Co. Offaly, co-located with Cushaling Wind Farm. Battery storage technology can ...

[SSE acquires 120MW/240MWh battery storage project in County Offaly](#)

SSE has grown its secured battery energy storage system (BESS) pipeline in Ireland to 300MW with the acquisition of the 120MW/240MWh Thornsberry BESS project near Tullamore, ...

[SPP offloads 211-megawatt solar and battery project in Louth](#)

A partnership between Irish renewable energy group NTR and London-based Legal & General (L& G) has acquired a 211-megawatt (MW) hybrid solar and battery storage project in Louth ...

[SSE acquires battery storage project in Co Offaly](#)

SSE has acquired the project development rights for a 120MW/240MWh grid-scale battery energy storage system (BESS) project in Co Offaly. The Thornsberry grid-scale project near ...

[SSE Expands Irish Battery Portfolio with 120-MW Acquisition](#)

SSE Renewables has acquired a 120-MW/240-MWh battery energy storage project in County Offaly, Ireland, from UK-based Low Carbon, enhancing its battery development portfolio on ...

[L& G NTR Clean Power \(Europe\) Fund acquires 211MW Irish Battery ...](#)

Consisting of two special purpose vehicles, Monvallet Solar Ltd and Hazelboro Ltd, they have grid and planning in place, with construction of the solar to commence in 2025 and the BESS in ...

[SSE acquires 120MW/240MWh battery storage project in Ireland](#)

Subject to a final investment decision by SSE Renewables, the project could enter construction and be operational by the end of the decade. The project would be expected to provide ...

[New batteries based on rusting will help make Ireland's energy secure](#)

FuturEnergy Ireland, a joint venture between Coillte and ESB, has been granted planning permission to build Europe's first iron-air battery facility, a new technology that promises to store

[SPP offloads 211-megawatt solar and battery project in...](#)

A partnership between Irish renewable energy group NTR and ...
