

Kyrgyzstan electric vehicles evs

Overview

According to its data, between the beginning of the year and the end of June, 9 brands of electric cars were registered in Kyrgyzstan. All but one (Nissan) were manufactured. According to experts, Kyrgyzstan may face some problems requiring urgent solution when transitioning to electric vehicles. In 2021, Kyrgyzstan, as part of the Paris Agreement, submitted an updated nationally determined contribution – NDC. Electric vehicles are incredibly eco-friendly since they consume little to no fossil fuel, have few moving parts that need upkeep, and have cheap operating expenses.
