Lithium ion battery news

Batteries News

Batteries News is your source of news and market intelligence on the Li-ion batteries industry. Discover trends stay ahead of the curve.

[Days numbered for 'risky' lithium-ion batteries, scientists say, after]

An innovative approach to battery materials could bring sodium-ion energy density and charging speeds far closer to those of lithium-ion, scientists say.

[LAFD lobbies city leaders for regulations as lithium-ion battery ...]

As lithium-ion batteries power more of our everyday tools, the Los Angeles Fire Department warns the batteries are also supercharging more fires.

[Lithium-Ion Batteries Latest news & Tech Article]

Read the latest news and expert articles on Lithium-Ion Batteries, brought to you by the editors of The Battery Magazine - The Battery Magazine

Lithium-ion Batteries

Get the latest news and updates on lithium-ion batteries from Tech Xplore. Stay ahead with updates on innovations, research, and breakthroughs.

[Lithium gains momentum in 2025 , Kitco News]

Lithium-ion batteries are becoming increasingly vital for use in rapidly growing data centers. They have a longer lifespan, higher energy density and faster recharge and discharge cycles than other batteries.

[What's next for EV batteries in 2026]

A big opportunity for sodium-ion batteries Lithium-ion batteries are the default chemistry used in EVs, personal devices, and even stationary storage systems on the grid today.

Batteries Daily

BatteriesDaily delivers comprehensive updates and analytical perspectives on the latest developments in the field of Li-ion Batteries, tailored to assist in informing strategic decisions and maintaining a competitive edge.

Batteries News -

Read the latest research on everything from new longer life batteries and batteries with viruses to a nano-size battery.
