

London solar container energy storage solar container lithium battery

Overview

The BESS Series is a State of the art, high-voltage lithium-ion battery power and energy-storage system containerised in a 20' High Cube container. Highview Power is a designer and developer of true long duration energy storage solutions for utilities and distributed power systems. The company's proprietary technology uses liquid air as the storage medium and its custom designed Liquid Air Energy Storage (LAES) solutions can deliver anywhere. The Containerized Battery Energy Storage Solution (BESS) is an advanced Lithium Iron storage unit built into a customised 20ft or 40ft container. Storage size for a containerised solution can range from 500 kWh up to 6. There will also be a requirement for ancillary electricity infrastructure, such as a high voltage transformer. Withstanding a wide temperature operating range, offering ultimate flexibility, providing a reliable backup power supply for commercial and industrial. we all know, storing energy is not especially easy or risk-free.
