

Malta imported micro inverter brand

Overview

US-based Enphase Energy, Inc. has begun shipping its new IQ8 Microinverters to support high-powered solar panels in several countries. The Enphase has first time launched. Below is our detailed comparison of the most popular microinverters available in the Australian, European, Asian and US markets. When it comes to inverters as in all other areas of our business we choose our equipment on the basis of continued studies on the product itself and on the supplier. We ensure that we offer high quality products. As a small island nation with ambitious EU renewable targets, Malta's solar capacity has expanded rapidly, with photovoltaic installations becoming increasingly common across residential, commercial, and public sectors.
