

# New solar cabinet system in tallinn

## Overview

---

OÜ Prategli Invest is building a solar energy storage device in Tallinn, where it will store energy from a solar farm production plant located on the roof of a warehouse complex. The project received a grant of EUR 273,500. Two projects will begin to store both solar and. This isn't sci-fi - it's the reality of Tallinn photovoltaic energy storage cabinets, the unsung heroes of Estonia's green revolution. Let's peel back the metal casing to see why these units are reshaping urban energy landscapes. This shift responds to both practical needs and environmental consciousness - think of these systems as "energy insurance policies". With 1,784 annual sunshine hours and growing environmental awareness, Tallinn has seen a 42% increase in solar installations since 2020.
