

# **Nuku alofa solar container battery new energy manufacturer**

## Overview

---

The two battery storage facilities use Storage GEM®, the innovative modular energy storage container technology developed by the Akuo Group. The two battery storage facilities installed in Tonga are complementary: the aim of the first 5 MWh / 10 MW battery is to improve the electricity grid's stability (regulating the voltage and frequency), while the second 23 MWh / 7 MW battery is designed to transfer the electrical load in order to. Imagine a tropical paradise where coconuts sway but diesel generators roar. A total of 8 such containers have thus been deployed on Tongatapu, the Tonga archipelago's main island: three Storage GEM® for Tonga 1 and five for Tonga 2. Pre-fabricated containerized solutions now account for approximately 35% of all new utility-scale storage deployments worldwide. North America leads with 40% market. Who is nuuko power?

NUUKO power was established in 2021, and the company team has nearly 10 years of experience in the photovoltaic industry, as a factory, our capacity is 1GW per year now.
