

**Photovoltaic panels are  
installed for free and money is  
paid**

## Overview

---

Here's the reality: "Free solar" typically means solar with no upfront cost—not solar you'll never pay for. These offers often refer to solar leases or power purchase agreements (PPAs), financing options where a solar company installs panels on your property without. The short answer is no, you can't get free solar panels from the government. That being said, there are many incentives put in place by the Federal Government to help homeowners transition to solar energy to power their homes. You. Except for very rare cases, it's unlikely that you'll be able to install solar panels at no cost whatsoever or that the government is "giving them away." It's critical to know that when solar companies advertise that they'll install your panels for free, they're usually only referring to upfront. This guide explains why solar panels aren't truly free, how financing options can make them affordable, and how federal and state incentives can save homeowners thousands.
