

Price of new solar panels

Overview

Based on our 2025 survey of 1,000 solar customers, the national average price for a single solar panel professionally installed is \$1,200. This means most full-size systems of between 20 and 30 panels cost between \$24,000 and \$36,000. Solar panels can lower your electricity bill by 75% or more, but the upfront investment is significant. How big your home is and how much.
