

# Serbia Energy Storage New Energy

## CONTAINER TYPE ENERGY STORAGE SYSTEM

Energy storage system

FC RoHS CE 

## Overview

---

Serbia's project to build 1 GW of new solar capacity, coupled with storage, is expected to enter the construction phase in 2026, the country's minister of mining and energy said today, noting that this timeline is due to the scope and complexity of the preparatory activities. Image by: Veselina. February 3 (SeeNews) - Serbia plans to start the construction of 1 GW of photovoltaic power plants with battery storage systems this year, state-owned energy producer Elektroprivreda Srbije (EPS) quoted energy minister Dubravka Djedovic Handanovic as saying in a press release on Tuesday.
