Shaanxi Coal New Energy Company Energy Storage Bidding

Powered by Anhui Solar Solutions Co., Ltd.

Overview

Shaanxi Coal New Energy (Dachaidan) Co. has released a high-voltage cascaded grid-connected energy storage system equipment integrated procurement tender announcement for the West 200,000-kilowatt source-grid-load integrated application demonstration project. The draft for soliciting opinions points out that by 2025, Shaanxi. On Octo, Shaanxi Forestry Industry Group Co. held a grand signing ceremony in Beijing, officially signing an Investment Cooperation Agreement to jointly establish Shandong Yunshi Weilan New Materials Co., was connected to the grid for power generation. Zhang Wenqi, Secretary of the Party Committee and Chairman of Shaanxi Coal. On Janu, National Development and Reform Commission (NDRC) and National Energy Administration (NEA) jointly issued Notice on Improving Generation-side Capacity Pricing Mechanism. Establishment of a capacity pricing mechanism for grid-side independent new-type energy storage.

Shaanxi Coal New Energy Company Energy Storage Bidding

[Shaanxi Wubao County 5GWh energy storage system project signed]

The signing and implementation of the 5GWh energy storage system integration line project is an important milestone in the development of new energy industry in Wubao County.
