

Singapore Large Grid Battery Energy Storage Project

Overview

Commissioned in six months, the Sembcorp Energy Storage System (ESS) is Southeast Asia's largest ESS and is the fastest in the world of its size to be deployed. The utility-scale ESS will support active management of electricity supply and demand for grid stability. Singapore has surpassed its 2025 energy storage deployment target three years early, with the official opening of the biggest battery storage project in Southeast Asia. Singapore, Febru-. Singapore, Octo- Sembcorp Industries (Sembcorp), Singapore's leading energy and urban solutions provider, today unveiled two clean energy projects on Jurong Island. Sembcorp has successfully piloted a battery stacking solution on land at its existing Jurong Island energy storage system. Two battery storage systems are being tested to supplement Singapore's power supply when demand peaks. 8 million grant from the Energy Market Authority. The 200MW fleets of container-like batteries can power the daily electricity.

Singapore Large Grid Battery Energy Storage Project

[Singapore will reach its 200MWh energy storage target 3 years early](#)

Singapore will achieve its target of having "giant batteries" to store at least 200MW of energy three years early. The 200MW system is currently being installed across two sites on Jurong ...

[Sembcorp Expands Jurong Island ESS & Launches Solar Farm](#)

Sembcorp boosts Jurong Island's ESS capacity and inaugurates Singapore's largest solar farm, advancing the nation's clean energy transition.

[Sembcorp Unveils Landmark Clean Energy Initiatives on Jurong Island](#)

Scaling up Singapore's largest utility-scale energy storage system Sembcorp has successfully piloted a battery stacking solution on land at its existing Jurong Island energy storage ...

[Sembcorp opens S-E Asia's largest energy storage system on ...](#)

SINGAPORE - To ensure a continuous supply of solar energy, even on cloudy and rainy days, a new, large-scale battery storage system has been built on Jurong Island.

INTEGRATED DESIGN
EASY TO TRANSPORT AND INSTALL,
FLEXIBLE DEPLOYMENT

[Sembcorp, Mitsubishi announce two battery storage firsts for Singapore](#)

Sembcorp has successfully piloted a battery stacking solution at the nation's largest operating battery energy storage project, while Mitsubishi has announced plans for Singapore's first ...

[Sembcorp partners EMA to test energy-storage system for grid...](#)

Singapore is testing advanced ESS as an alternative, as the country relies more on solar power and imported electricity. The expanded ESS is one of two clean-energy projects on Jurong ...

[The largest battery energy storage project of 200MW/285MWh in...](#)

The 200MW battery energy storage project deployed by Shengke Group in Jurong Island, Singapore was put into operation Singapore Energy Market Authority (EMA) awarded the ...

[Southeast Asia's largest energy storage system officially opens](#)

Singapore, Febru- Sembcorp Industries (Sembcorp) and the Energy Market Authority (EMA) today officially opened the Sembcorp Energy Storage System (ESS). The Sembcorp ESS is ...

[Southeast Asia's biggest BESS officially opened in Singapore](#)

Singapore has surpassed its 2025 energy storage deployment target three years early, with the official opening of the biggest battery storage project in Southeast Asia.

[Singapore testing large battery storage systems to enhance grid](#)

Two battery storage systems are being tested to supplement Singapore's power supply when demand peaks. The projects will tap a S\$7.8 million grant from the Energy Market Authority. The
