

# Solar container lithium battery OEM for Sydney solar container energy storage system in Australia

## Overview

---

GSL ENERGY, a 15-year lithium solar battery manufacturer, provides high-quality and CEC-approved solar battery storage systems for residential and business needs. All our batteries are CEC-listed and grid-compliant, with certifications from UL, CE, and IEC, ensuring safe and reliable. At SCS Australia, we design and deliver containerised energy storage systems that provide safe, efficient, and scalable power solutions for industries, businesses, and communities. These systems are designed to store energy. Foton provides Trusted Battery Energy Storage Systems engineered for Australian homes, commercial facilities, and energy networks seeking reliable performance and long-term operational value. Our Lithium Iron Phosphate and Sodium-ion technologies support energy savings, resilience, and power. It combines the most rugged and reliable design features, all enclosed in a 20Ft container making it weatherproof. Solar panels can be installed as an additional.
