

St Kitts and Nevis invests in energy storage projects

Overview

Kitts and Nevis: Prime Minister Dr. Terrance Drew has announced in a recent national address that the country is poised to go green with the launch of a solar energy and battery energy storage system project, which will serve as a cornerstone of its clean energy transition. Konris Maynard, Minister of Public Infrastructure, Energy and Utilities, Domestic Transport, Information, Communication and Technology and Posts, addressed solar energy advancements in St. Kitts and Nevis. The project is expected to supply about 30 percent of the country's annual electricity production once commissioned. A 5MWh Battery Energy Storage System is set to be launched alongside the procurement of a 50MW solar PV plant in St Kitts and Nevis. Kitts and Nevis and YVERDON-LES-BAINS, Switzerland, 4th December, 2023 - Leclanché SA, one of the world's leading energy storage companies, will. The solar electricity project is being carried out in partnership with Castalia Advisors, a leading consultancy in the field.
