

Stop subsidies for wind and photovoltaic power generation

Overview

— Congresswoman Julie Fedorchak (R-ND) today introduced the Ending Intermittent Energy Subsidies Act, common-sense legislation to responsibly phase out production and investment tax credits for wind and solar energy over the next five years. **ENDING AMERICAN DEPENDENCE ON UNRELIABLE ENERGY SOURCES:** Today, President Donald J. The Order directs the Secretary of the Treasury to. Washington, D. But subsidizing wind and solar has done exactly the opposite. A self-described energy nerd turned entrepreneur, Chris is a dedicated humanitarian with a passion for. President Donald Trump signed an executive order Monday to end federal subsidies for wind and solar plants. A new Department of Energy report warns of extreme energy shortfalls if the country continues on its current path. The act not only accelerates the phase-out of tax credits for new renewable projects but also abolishes. US Energy Secretary Chris Wright, who made his fortune by drilling holes in the Earth to access methane gas and then leaving taxpayers to clean up the mess his company made, visited the Ames National Laboratory in Ames, Iowa, to deliver a message.
