

Supplier of 20-foot folding containers for mining

Overview

Our 20 ft containers are built to provide durable and secure storage solutions for mining equipment, tools, and supplies. This delivery method requires 30ft plus the length of the container, so 50ft in total. Prepare the ground Tilt-Bed trucks and trailers are heavy! In order for them not to get stuck, the ground needs to be compact and dry. Introducing our CSA certified 20 ft containers specifically designed for mining use. As a leading manufacturer and supplier in China, Xuzhou Tianqi Mining Technology Co. It features customizable size, color, and material options, including EPS/Rock wool/PU sandwich panels and galvanized steel frames. 20-foot containers are remarkably cost-effective compared to constructing permanent buildings. Given the often fluctuating duration of mining projects, investing in a permanent office can put a strain on. Wall panels are made of 50mm rock wool sandwich panels, and can be upgraded to 75mm and 100mm thickness, which is better for extreme cold and hot weather 11. Constructed from high-tensile Corten steel to ISO standards, this specialized unit features reinforced corner posts, walls, and roof for exceptional structural integrity in harsh.
