

The largest solar energy storage project in Sydney Australia

Overview

Project Maryvale is a next-generation hybrid renewable energy facility that integrates a 243 MWp solar installation with a 172 MW/409 MWh battery energy storage system (BESS). The company has acquired the proposed 1.8GWh Hanworth Battery Energy Storage System near Bannaby, west of Bowral in New South Wales, which. Sydney, Australia - 14 August 2025 - Clean energy solutions provider Gentari yesterday marked the groundbreaking of the Maryvale Solar & Energy Storage project (Project Maryvale), a key milestone in delivering reliable, low-carbon energy for New South Wales (NSW). The New South Wales government has awarded contracts to six new. Major solar and battery project proposed for central New South Wales ACE Power and Osaka Gas Energy Australia have announced plans to develop the Forbes Solar Farm, a 141MWdc solar PV power plant in central New South Wales. Unlike other storage conferences, proceeds from the event help to fund high quality journalism across our media titles. This supports the growth. According to a report from Energy-Storage. 8GWh Hanworth Battery Energy Storage System near.

The largest solar energy storage project in Sydney Australia

[NSW awards six large-scale battery projects, led by Australia's biggest](#)

The New South Wales government has awarded contracts to six new large-scale battery energy storage (BESS) projects, including what will become the largest battery in Australia to date.

...

[Top 7 Upcoming Battery Energy Storage System Projects in Australia](#)

The battery energy storage system project is currently the largest battery energy storage project in Australia under construction. It is planned at Powell Creek to stabilise and store electricity generated ...

[Octopus Australia acquires 4.8GWh battery storage project in NSW](#)

The company has acquired the proposed 1.2GW/4.8GWh Hanworth Battery Energy Storage System near Bannaby, west of Bowral in New South Wales, which will become the largest planned ...

[NSW set to smash big battery target to secure our renewable energy](#)

The Minns Labor Government is backing the largest rollout of big batteries in NSW history. The NSW Government has awarded contracts for six new long-duration battery projects to ...

[Octopus Australia acquires 4.8GWh battery storage project in New ...](#)

Octopus Australia has announced plans to develop what it claims is Australia's "largest planned battery energy storage system (BESS)" in New South Wales.

[Australia: LTESA Round 6 secures enough long-duration storage to ...](#)

The government announced the winners of LTESA Round 6 for long-duration energy storage today (5/2/2026). The round secured 1,171 MW / 11,980 MWh of long-duration battery storage across six ...

[Forbes Solar Farm: 141MW Project with Battery Storage Proposed for ...](#)

The Forbes Solar Farm will deliver substantial renewable generation capacity, supporting New South Wales' transition to a low-carbon energy future. The addition of battery storage will ...

[Ace seeks federal approval for '24/7? solar and storage project](#)

The Forbes Solar Farm project, being developed by Ace Power in partnership with Osaka Gas Energy Australia, comprises a 141 MWdc solar farm and a battery energy storage system ...

[Octopus Australia's 1.2GW Hanworth BESS: Largest Planned Battery ...](#)

Octopus Australia reveals plans for the 1.2GW/4.8GWh Hanworth BESS, Australia's largest planned battery, and acquires a solar-plus-storage project in Queensland, targeting ...
