

The most cost-effective and safe outdoor power supply

Overview

To help you decide, I tested the efficiency, in a variety of scenarios, of the best portable power stations from Jackery, Oupes, EcoFlow, Anker, Goal Zero, Greccell, Bluetti, Dakota Lithium, Lion Energy, Vtoman, and Oupes. It delivers on most people's basic needs, such as getting through a blackout in comfort, providing power for an off-grid camping trip, or offering portable power away from a 110V outlet. And, thanks to advances in lithium-ion battery technology, they're also lighter and more compact. Whether you've been dreaming of van life or are building out your emergency kit in advance of that next blackout, there is. Our new top pick, the Bluetti Elite 200 V2, stood out for its exceptional battery capacity—among the highest of any model we tested that isn't a whole-house unit—plus its rugged build quality and reliable output. It's not the only high-performing option, however. All of the following models make. We tested out over 40 compact power stations to find out which ones will keep the lights on during blackouts even when you're off the grid When you purchase through links on our site, we may earn an affiliate commission. EcoFlow Delta 3 Plus Best on a budget 2.
