

Villa solar panel cleaning

Overview

Before cleaning solar panels, turn off power to them. Dislodge any loose debris or dust with a soft brush. Spray down the panels with a hose and scrub any stuck-on dirt areas gently with a soft brush and water or a special cleaning solution for heavily soiled areas. We may earn revenue from the products available on this page and participate in affiliate programs. [Learn More > Before cleaning.](#) With the changing seasons come new routines and practices: Raking leaves, clearing the gutters—and cleaning your solar panels to maximize their energy production. While going solar is pretty much a "set it and forget it" way to power your home with renewable energy, depending on where you live. Solar panels are a smart investment for reducing energy costs and supporting sustainability. However, dust, dirt, and debris can block sunlight, lowering their efficiency by up to 25%.
