

# Wellington electricity policy

## Overview

---

Wellington Electricity is subject to a range of legislative and regulatory obligations, designed to ensure our network is safely and efficiently planned, constructed, operated and maintained, and that the prices we charge for our services are within regulated allowances. We aim to provide safe, reliable, cost-effective and high quality delivery of electricity throughout the Wellington region. Here we'll share useful information including our plans for the future, and how you can help shape these. If playback doesn't begin shortly, try restarting your device. Operating in the electricity sector, we're. X2 Wellington Electricity will move from its CPP to DPP3 on 1 April 2021. The DPP3 currently applies to 15 other electricity distribution businesses (EDBs).

## Wellington electricity policy

---
